#7	FE Refinements	2:45		CB
#8	Resources/Library (FE)	2:00		CB
#9	Reddit Posts (FE)	01:45		ED

This week + next

Gantt Diagram

Issues

- Delivery: Deployment is needed and must be done within safe time distance from final shipment date
- Matching requirements: Ensure that mockups in the REQ document and the platform's interface itself are a close match between one another.
